Adverting to your letter No L 8683 dated 4-9-1947 inquiring whether the Municipality cannot pay even the small amount of Rs 380/- out of its Closing Balance, I have the honour to state that the Municipality is poor to pay even this small amount According to the D C B for 1946-47, its expenditure according to the Budget for 1947-48 is more than the income and the Municipality can hardly spend anything towards public works, the major portion of expenditure being due to the grant of Dearness Allowance to the Municipal employees This is a very poor Municipality
